

NOSTROMO BENCH

The Nostromo Bench commands attention with its strikingly minimalist form, drawing inspiration from the Brutalist design movement.

Its monolithic solid wood slab top, supported by a sculpted rectangular base and a round column, creates a harmonious balance of strength and simplicity. Adding a unique layer of intrigue, the bench features an integrated game board, a nod to a bygone era that invites thoughtful interaction and engaging conversation.

Perfect as both a functional centerpiece and a sculptural work of art, the Nostromo Bench redefines modern design with timeless appeal.
