CUSTOMIZATION: Contact for More Info

The Silas Writing Desk finds its inspiration from the classic "Makers Bench" from the Mid-Century Modern period. A contemporary design crafted in solid hardwood with steel and brass accents. This desk with its minimalist style focuses on a work surface from a simpler time. Handcrafted solid wood with interlocking round posts, a perforated modesty panel and plated steel foot caps that lend a subtle air of sophistication. The addition of a two-drawer configuration provides a higher level of functionality and organization.
